

Population Guessing Game

As you pass through rural towns or larger cities, have your group members guess the population. You can pass around a piece of notebook paper that says the name of the current town. Below, your group members can write their name and their guess of the population.

The closest one wins! Be sure to do your research ahead of time, so as the leader, you know the correct answer. An added touch is to know whether or not your route into town passes a population sign.
