For a trip with an Easter or spring theme, fill your Easter basket with Easter grass and the plastic eggs. Inside each of the plastic eggs, put one slip of paper with a name of a traveler. When the names of the all travelers each in an egg, you are ready to begin.

Throughout the trip, draw out eggs several times a day. Each time a name is drawn, give that passenger a bag of candy or a similar prize. It is often appreciated when you are able to give them candy options to choose from. After each drawing, remove that egg from the basket so each passenger only gets one prize. The very last egg left in the basket should be drawn at the end of the trip. That person will receive the larger prize, such as a spring wreath or a gift certificate.
