

## The Motorcoach Web Instructions

First, hand out a paper with 20 questions to everyone in the group and tell them to pick one to answer to the group.

You need a spool of string or wool for this game. After you answer one of the questions yourself, hold on to the end of the string and throw the ball or spool to someone to catch.

That person can then answer whichever of the questions they choose and tell their answer to the group. This continues until a web is created and each person learns an interesting fact about every tour member.

Be sure and mention at the end that everyone played a part in creating this unique web and if one person was gone, it would look totally different.
