

Eat the Alphabet Group Game

See how many letters your travelers can match up with a food. Have them fill in the blank with the name of a food that starts with that letter of the alphabet.

Variations:

See who can complete their food alphabet the fastest, whoever finishes first wins.

See who can fill in the blanks using only one theme such as entrees, desserts, fruit, Asian dishes, etc.

Have them fill in the letters only with foods they've eaten before, whoever has the most wins. In the event of a tie, the winner is whoever has the most "weird foods."
