

Counting the Rhyme

This is a rather peculiar game.
It really does not have a name.
It's simple to play as a game should be,
You just do as you're told, and you will see
In the end, whoever scores the most
Will receive a prize of which to boast.

Give yourself **6 points** if your hair has curls,
Then add **5 more** if you have any pearls.
If you're wearing sunglasses you may also add **3**.
Add **2** for earrings and shout yippee!
If you're wearing a tie, add **3** more
And if you've got red on, you can add **4**.
Give yourself **5** if your shoes are black,
And take **3** more if your tie has a tack.
Now before you think you are going to win,
Subtract **2 points** if you're wearing a pin.

Then count all your buttons – for each you add **2**
But take away **1** for each button that's blue.
Take away **3** if your heels are stacked.
Subtract **2** more for any zipper in back.
Add **10 points** if there's green in your eyes,
And add **2** more if you came with a guy.
Add **4** if you've got whiskers under your nose,
And also add **3** if you wore pantyhose.
Before we're done, there's one more thing.
Give yourself **3** for every ring.

Now this is the end, there is no more.
Who's the lucky one with the highest score?
