Docents will lead your group through this beautiful museum which houses a vast collection of the finest works of art created solely by American artists. Known as “America’s Museum”, the museum’s collection totals over 22,000 pieces in all media, and spans four centuries of work. The original museum structure is a McKim, Mead and White architectural masterpiece listed on the National Register of Historic places. The Butler celebrated its 100th anniversary in 2019.
