

What's In The Bag?

Instructions:

Before going on a trip, place a variety of not sharp objects into a large, thick canvas bag. Then staple the top of the bag shut to make sure no one can see into the bag.

Once your group is aboard the bus, pass out each seat pair a writing utensil and a sheet of paper. Then announce that each seat pair on the bus will work together to feel the objects in the bag and decide what they are.

Each seat pair will then take turns feeling the bag and writing what they think is in the bag. Every pair to get all ten items correct, gets first pick at a bag of assorted candy, or a similar prize.

Materials:

A large, thick canvas bag or small duffel bag that can be zipped

Stapler

Around ten objects to put into bag

One sheet of paper for each seat pair

One pen or pencil for each seat pair

Bag of assorted candy for prize
